Health ,Safety and Environment

Safety is part of AFCOMS culture as part of our success key. Safety package is shared amongst all the workers.

We believe in zero tolerance, of all unsafe acts.

To reach the goals , a number of procedures and safety rules are implemented on the work procedures : risk assessments and method of statement.

We do start any project by writting a risk assessment which will be followed by workers during job implementation.

Safety reports are done daily , monthly and annually and management analysis is done during meetings.

Personnel

AFCOMS personnel comprised people with over 10 years experience in various domains. Everyone understands its position in the company with the mission of providing professional services to all clients, therefore presents the individuals within the company `s work experience as its own references.

AFCOMS believes in the power of people and their ability to shift boundaries which leads to success.

We believe that when inspired leaders in any specific field come together, one expects nothing less than greatness.

Job Organisation

For work organization three steps are observed :

1- Assessment

Work analysis

2- Decision

Management do ahead

3- Planning

Work steps

4- Intervention

Work done

5- Evaluation

QA/QC
